Preface

Robinson's Street Directory of Newcastle and surrounding districts is the most comprehensive guide of its kind yet published.

The directory contains double-spread maps giving a complete street, road and localities coverage, railways, police, fire and ambulance stations, house numbers, town halls, reserves, parks and a complete alphabetical index of all streets with locality and postal delivery districts.

The publishers invite directory users to notify them of any errors or omissions which are usually unavoidable in a publication of this nature. (Phone Sydney 27 1931, 27 6694.)

Our thanks are accorded to all persons, Government Departments, Local Government Bodies and Institutions who have co-operated and generously supplied information to make this directory complete and as accurate as possible.

How to Use this Directory

The names of all streets, roads, avenues, etc., are indexed in alphabetical order. This index enables the user to locate more readily the position of any street or thoroughfare on the maps.

EXAMPLE:

		Ref.	Map
WILLIAM			
St	**Maryville (Wickham)**	**M6**	**6**

In the alphabetical street index the names are followed by the locality and then an index letter and numeral which can be found in the borders of the map indicated. The example, WILLIAM St., Maryville, is found on Map 6 by the intersection of imaginary lines drawn from border figures M and 6. The name in brackets **(Wickham)**, shown after the locality name refers to the postal delivery district; otherwise the postal delivery district and the locality are the same. Every map has an overlap so that streets may be easily followed from one map to another.

A north point and the direction of Newcastle is shown on all maps.

The area depicted on these pages features the town of **MAWSON.**

RESIDENTIAL MAWSON situated at surf-patrolled Caves Beach adjoins Swansea on the Pacific Highway and its thriving Shopping Centre, Clubs, Schools and Churches. Adjacent to Lake Macquarie, Australia's most beautiful lake. It has been planned with vision. Projects include a Primary and High School which will be built early in 1964, Shopping Centre, ultra modern Hotel/Motel, Bowling Green, Golf Links and an Ocean Swimming Pool. MAWSON has deservedly been called the Panoramic Paradise of the Central Coast, as every site provides breath-taking views of the South Pacific and the nearby Hills. Some Home-sites are still available in picked positions and modern homes can be erected on a No-Deposit basis.

OFFICE ON THE ESTATE OPEN SEVEN DAYS A WEEK

Southward, AN INDUSTRIAL TOWN with its Deep-sea Harbour capable of berthing the largest Ocean liners of the World is already under way.

For scenic grandeur and natural resources the town of MAWSON makes this the most comprehensive Estate under development in Australia.

A nine-figure sum is involved in the project and provision has been made for the home-seeker, commercial enterprise and investor.

No matter where you have been or what you have seen, see MAWSON before you finalise your plans for the future.
